HTS IP66 Outdoor Distribution Box, 4/8/12 Ways

Technical reference · SNTELEC · 04 November 2026

HTS IP66 Outdoor Distribution Box for protecting and organizing electrical components in wall-mounted assemblies. Match the listed enclosure dimensions, cable entries and installation conditions.

Parameter	Specification
Series / reference	HTS
Protection	IP66
Material	ABS / PC
Mounting	Surface / wall mount
Supply scope	Enclosure housing; installed breakers, terminals, glands and other accessories must be specified separately.
Installation	Indoor/outdoor wall mounting; cable entries and cover seals must be correctly assembled.

Select the original HT-4S, HT-8S or HT-12S code. Outline dimensions follow the model table; verify mounting-hole positions separately.

Documented ordering configurations

Original model	Configuration / dimensions
HT-4S	106×170×98 mm
HT-8S	180×180×98 mm
HT-12S	250×209×108 mm

Compiled technical reference. Installation and supply scope must be confirmed for the selected original model. Enclosure ratings do not establish the rating or certification of a complete electrical assembly.
