SHOW IP65 Distribution Box with Lockable Cover

Technical reference · SNTELEC · Revision 2 · 04 November 2026

SHOW IP65 Distribution Box with Lockable Cover for protecting and organizing electrical components in wall-mounted assemblies. Match the listed enclosure dimensions, cable entries and installation conditions.

Parameter	Specification
Series / reference	SHOW
Protection	IP65; IK09 as specified
Material	ABS shell / PC cover
Mounting	Wall mounted; front-access transparent cover
Supply scope	Enclosure housing; installed breakers, terminals, glands and other accessories must be specified separately.
Installation	Indoor/outdoor wall mounting; cable entries and cover seals must be correctly assembled.
SHOW9 dimensions	Drawing: L200 × W219 × H114 mm; heading: L200 × W119 × H114 mm. Width unresolved; confirm before use.

SHOW9 has a conflicting width: the drawing dimension is 219 mm, while its heading states W119 mm. Confirm the approved drawing before ordering, machining or installation. Other SHOW codes retain their listed outline dimensions.

Documented ordering configurations

Original model	Configuration / dimensions
SHOW4	200×107×114 mm
SHOW6	200×165×114 mm
SHOW12	229×272.5×125 mm
SHOW18	229×381×125 mm
SHOW24	379×272.5×125 mm
SHOW2-36	397×381×125 mm
SHOW3-36	529×272.5×125 mm
SHOW9	L200 × W219 × H114 mm in drawing; heading states W119 mm. Confirm the approved width.

Installation and supply scope must be confirmed for the exact original model. Enclosure ratings do not establish the rating or certification of a complete electrical assembly.
