Features

- Standard meter sockets are manufactured from 1.0-1.5mm galvanized steel sheet with a baked gray powder polyester paint finish to improve corrosion resistance.
- The meter socket is suitable for single phase, service voltage 120/240Vac.
- Ample gutter space for easy wiring.
- Convenient knockouts in side back and bottom.
- Lay in type terminals with pressure plates for easy connections.
- Meter sockets are designed to accept conduit hubs from 1" to 2-1/2" size.
- Meter socket accept for GE type circuit breakers.

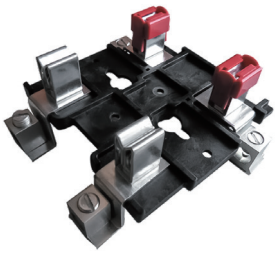

Specification
